

Pushing the Boundaries Challenge
August-September 2019: Annette Clarey

COLOURS OF AUSTRALIA

- An exercise in colour play!
- Select an Australian landscape picture that appeals to you. (The picture could be a scenic view, but it could also be a more focussed picture of a single element of the landscape).
- Analyse the colours it contains (I suggest you pick only 4 – 5 major colours) and the proportion of each colour in the picture.
- Create a piece that reflects the feel of the picture, using the colours and proportions you have identified.
- The only restriction in size or type of piece is that you cannot attempt to directly replicate the picture.
- Bring your piece (and the original picture that inspired you) to our meeting at Embroidery House on Monday October 7, at 10.00am.
